

Work Health and Safety Policy Statement

Pulse Locating (PUL) is engaged in the business of providing services of Ground Penetrating Radar (GPR), Vacuum Excavation trucks, Traffic Management, Survey and the physical location of utilities. Ideally, we expect to become number one within the locating industry. This policy statement applies to all of our divisions throughout the organisation.

Organisation commitment:

Pulse Locating is committed to safeguarding the health, safety and welfare of its employees and any other people who may also be affected by the organisation's operations. In securing workplace health and safety (WHS), this organisation will pursue best practices in OHS and commence to ensure we are applicable with all compliance and all legislative and other requirements. We are also committed to consistently improving our WHS performance and systems and to comply with all OHS laws and requirements.

Our Objectives:

- That Pulse Locating's health and safety management system meets with the requirements of the work health and safety legislation and the internationally recognised safety standard ISO 45001.
- Demonstrate leadership in the field of WHS management
- A commitment to eliminate hazards, injuries, illness or exposure to harm at all times;
- A commitment to reduce all Occupational and Health and Safety Risks and continually review these risks;
- A commitment to encourage consultation and the participation of our workers in all WHS matters;
- Offer support and assistance to all in relation to safety;
- Operate in a responsible and sustainable manner, in line with Community expectations;
- That policy and procedures continue to be appropriate by initiating regular reviews to check its effectiveness and ongoing relevance; and
- The company shall regularly review the needs and expectations of our customers and initiate continual improvement activities to meet these expectations.

Resources:

Resources in terms of personnel, time, effort and financial outlay will commensurate with the priority in which the company places on WHS and will be made available in order to:

- Comply with all relevant legislation, and
- Ensure the health and safety of employees and others.

Organisational responsibilities:

In order to ensure that WHS is successfully managed within the organisation, responsibilities have been allocated to positions and or individuals to ensure that an appropriate culture is adopted, developed and nurtured to protect the wellbeing of all employees and its customers.

Senior management:

The General Manager accepts overall responsibility for the effective management of WHS and welfare and takes responsibility for all sections of the standard.

Managers, Supervisors and Employees:

All Managers, Supervisors and Employees are expected to accept responsibility for their actions, to report unsafe acts and working conditions, and to behave in a manner that reflects safe work practices and standards.

Christopher Lee
General Manager
